

**RIVERWAY ENHANCEMENT PROGRAM
SUPPLEMENTAL APPLICATION FORM**

Project Title: _____ Project Sponsor: _____

The Riverway Enhancement Program provides for development of recreation areas, water conservation, flood control, and wildlife conservation along rivers and streams that are impacted by high density populations or that are prone to flooding. Priority will be given to projects that are in accordance with a community parkway/open-space master plan and meet identified outdoor recreation needs. Other considerations include availability of matching funds, magnitude of loss, access to users, and the ability and willingness of the sponsor to provide ongoing management and maintenance of the project area. All projects require at least a 50% match by the applicant. **Federal agencies and non-public entities are not eligible to participate in the Riverway Enhancement Program.**

The following information must be submitted for all proposed projects:

- A. **PROJECT DESCRIPTION, OBJECTIVE AND NEED FOR ASSISTANCE**
Provide a complete description of the proposed project. Discuss local riverway issues, needs or problems and how the applicant has or will address them. Indicate how this project relates to riverway needs or problems. Explain the need for assistance based on local planning and needs analysis.

B. RECREATION PARTICIPATION BENEFITS

Describe the recreation benefits of this project. Include a description of the main user groups and when the area or facility will be used. Discuss local recreation programs and how this development may be utilized through these programs.

C. ENVIRONMENTAL INFORMATION

Explain in general terms the positive and negative environmental impacts of the proposed project. Discuss the effects on emergent and river wetlands and plans to protect and enhance such areas.
